**NEW FOR 2020** Stainless cooler liner, 4" magnehelic gauges for air flow and gas pressure, digital environmental air temp gauge, and air dampener control at NO CHARGE. Drum Speed control, We include the Fidget for data logging .

## FRAME

- Heavy-duty stainless steel drum, cooler screen, and cooler liner
- Double insulated housings.
- Easy to service roaster fan and separate fan for cooler
- Removable cooler for easy cleaning
- Industrial gear drives for smooth operation of drum and cooler stirrer, with no bulky belts or noisy chains.
- Equipped with heavy duty direct drive steel-cooling fan.
- Heavy-duty motors with UL 508-A approved industrial control system and motors, adjustable overloads and contactors.
- Adjustable legs for ease of movement and cleaning
- Includes hardware needed for your data logging.

## OPERATION

- 24 volt operator controls for safe operation.
- Even and accurate heat controls;
- High powered burners or industrial electric elements
- Free Standing cyclonic chaff collector.
- Standard model lighted push button on-off switches, motor starters and overloads with fault protection.
- Two gas gauges provided for incoming gas pressure and outgoing gauge at gate valve to adjust burner output.
- Profiler model has programmable and digital control 8" color screen
- All models include dual digital bean probe with controller and alarm and environment temp gauge
- Fast Cooling by independent cooling fan.
- Roast Fan has multiposition dampener and gauge.
- UL listed industrial control systems.
- Cooler Fan sides out for service.

## SPECIFICATIONS

5 Kilo Model (12lb) Coffee Roaster. Four roasts per hour. Designed for easy operation, low maintenance, and a long lifetime. Your choice of several standard colors, trim types and finishes.

- Weight: 900 lbs
- Total Dimensions<sup>1</sup>: 52"x43"x64"(LxWxH)
- Shipping: 1100 lbs
- Cyclone Exhaust: 6" Cooler Exhaust: 4" <sup>2</sup>
- Gas model: 5,000—50,000 BTUs adjustable
- Gas Supply: 3/4" Nat'l Gas minimum 7" w.c. Propane or Propane Butane mix 14" wc.
- Quenching requires a 3/8th inch water line (for applicable models)
- Built with highest quality parts and metals.

[1] Allow 18" clearance minimum for service

[2] Use positive pressure piping. Both exhausts can be combined at 45 degrees after the cyclone into an 8" Class A rated pipe

[3] **Special note for Propane or bottled gas.** it is highly recommended for your safety that you purchase a quality propane regulator from a Professional source. You must have the correct regulator for the type of supply that you are connecting the roaster to. Changing supply type can or not having the regulator set to the pressure needs of the roaster or the source can be safety hazard and also damage the roaster. If you have needs for regulator please contact one of our Engineering staff for the correct one.

# The 5-Kilo Millennium Coffee Roaster

Patent Pending

**American Made, Hand Built Quality****Models**

- 5-Kilo Stock Model \$22,500
- 5-Kilo Standard Model, includes stainless or copper drum wrap and cooler wrap and a bean light \$23,500
- 5-Kilo Deluxe model with 8" color touch screen automation. Includes all standard model features \$28,950

**Add-ons**

- Touchscreen Profiler
  - Semi-Automatic
- Fingertip control
- Roast Helper Option
- Micro Profiler controls

**Touchscreen Profiler Options**

- Wireless touchscreen to connect to iPhone/iPad
- 10 in color display (6 in mono comes standards)

**Additional Options**

- Electric roaster door with override and auto discharge (non PLC)
- Stainless polished cooler
- Stainless or copper drum wrap
- Over temp quench for Non PLC

**Additional Options (continued)**

- Dimensional patterned stainless drum wrap
- Hammered copper cooler wrap
- Pin striping
- Two tone paint
- Clear coat over paint with metal flake
- Maintenance hour meter
- Environmental air temperature with digital read-out instead of probe
- Automatic quenching for drum or cyclone (3/8 in water line)
- Chrome bean chute
- Chrome face plate
- Bean light
- Afterburner standard
- Catalytic Afterburner
- Custom paint color
- Cleaning kit
- Roaster controls on control head
- Magnet in cooler discharge
- Destoner
- Model B grinder
- S-4 Weigh and Fill

**About Us.** The U.S. Roaster Corp. is famous for producing the world's finest roasters that create the best roasted coffee. Partnering with specialty coffee roast masters world-wide we have developed a roaster of superior design, unmatched quality, great reliability, and ease of use. Our Millennium line of roasters provide the roast master with unlimited profile capabilities and unparalleled roast quality. By the second crack you will know why the "Quality of the Roast" comes first at U.S. Roaster Corp.
